PROFESSIONAL SUMMARY

S.Y. B.Sc. Computer Applications student (Semester III) at Dr. D. Y. Patil ACS College, Pune, with hands-on experience building web applications using HTML, CSS, JavaScript, Node.js and MongoDB. Deployed ReClaimX, a lost-and-found web platform, and advanced to Round 2 of Smart India Hackathon 2026 after winning the internal round. Interested in full-stack and frontend development, AI-assisted systems and cybersecurity, with a strong drive to solve real-world problems and keep learning. Seeking a software development or web development internship.

TECHNICAL SKILLS

Software & Web Development: Full-Stack Development, Software Development, Web Development, Front-End Development, Back-End Web Development
Programming & Web Technologies: HTML, HTML5, CSS (Cascading Style Sheets), JavaScript, React.js, Node.js, C, C++, Data Structures
Databases & Dev Tools: MongoDB, Firebase, Git, GitHub, Visual Studio Code, Netlify, Render
AI & Research: Artificial Intelligence (AI), Research Skills, Problem-Solving
Data Analytics & Productivity: Microsoft Power BI, DAX, Data Visualization, Microsoft PowerPoint, Data Entry
Communication & Collaboration: Communication, Collaboration

PROJECTS

ReClaimX — Lost & Found Web Platform *(Deployed web application)*

- Web-based platform that helps users report lost belongings and discover items reported as found.
- Recognized by Sankalp Tech Club, Dr. D. Y. Patil ACS College (2026), for project contribution beyond academics.
- Technologies: HTML, CSS, JavaScript, Node.js, MongoDB; deployed on Netlify and Render
- Live Demo: reclaimx2.netlify.app | GitHub: github.com/vanshmore08/reclaimx-project-2

E-GovSphere — Government Services Portal Concept *(Proposed concept (field-work project))*

- Proposed centralized digital portal to make government services easier to understand and access, helping citizens navigate service requirements, understand application processes, reduce unnecessary visits and apply online.
- Based on field observations and research into existing digital government platforms, including UMANG.
- Tagline: “Apply Online. Avoid Queues. Save Time.”

VeriShield AI — AI-Assisted Identity Document Screening *(Exploratory academic project)*

- Explores how AI could support the initial review of identity documents, with a human officer making the final decision.
- Technical direction: AI-assisted analysis, backend development, authentication, role-based access control and database integration (planned/exploratory).
- Guiding principle: “AI Assists. Officer Decides.”

LexVault AI — Smart India Hackathon 2026 *(Ongoing)*

- AI-focused project nominated for Smart India Hackathon 2026, involving technical exploration, innovation and problem-solving.

Integrivision AI — Smart India Hackathon 2026 *(Ongoing)*

- Project nominated for Smart India Hackathon 2026, exploring an innovative technology-based solution to a real-world challenge.

EDUCATION

B.Sc. Computer Applications (S.Y., Semester III) — July 2025 – April 2028 (expected)
Dr. D. Y. Patil Arts, Commerce and Science College, Pimpri, Pune; Affiliated with Savitribai Phule Pune University
HSC (Science): 55.17% | **SSC:** 85.80%

ACHIEVEMENTS & ACTIVITIES

- **Smart India Hackathon 2026**: Won the internal hackathon round and advanced to Round 2 of Smart India Hackathon 2026. Working on AI-focused project ideas nominated for SIH 2026 (LexVault AI, Integrivision AI).
- **Sankalp Tech Club — ReClaimX Project Recognition** (2026): Dr. D. Y. Patil ACS College. Recognized for project contribution beyond academics.
- **TechXplore 2026** (February 2026): Dr. D. Y. Patil ACS College. Participated in blind coding and a project competition.
- **Explorer 2025–2026**: Participated in IntelliQuest technical quiz, Mind Mash and Quick Sketching.

RESEARCH EXPERIENCE

“Contemporary Cyber Security and Privacy Challenges in Africa” — February 2026

- Presented at the National Conference on Recent Trends in Computer Science (DPGU and Dr. D. Y. Patil ACS College). Research into cybersecurity threats, data privacy challenges, and related security and policy issues.

CERTIFICATION

Power BI Certification, Sujata Institute of Information & Technology — August 2025. Topics: Data Visualization, Dashboard Creation, DAX
